

ATTENTION PET OWNERS AND WALKERS!

***Proper disposal of pet waste is required by
The Town of Hampton Code & punishable by fines.***

- 🐾 Always pick up after your pet. Pet waste should be put into a plastic bag and either dropped in the trash or you can flush the bag's contents down a toilet.
- 🐾 Putting bags into our drains has a harmful effect on our ecosystem and can cause a blockage in the pipes leading to flooding.
- 🐾 Pet waste contains nitrogen and phosphorus and can contribute to nutrient pollution when not properly disposed of.
- 🐾 Educate other pet owners why picking up pet waste is important!
