The total revenue in 2020 is now down \$55,035 from 2019. This will most likely change once we start to receive the unanticipated revenue related to COVID-19 reimbursements. Interest on Taxes is lower than 2019 by \$23,801. Motor Vehicle Fees is lower than 2019 by \$55,758. The gap here has closed significantly this month. Parking Ticket are higher than 2019 by \$49,464. Zoning remains over target at 132.6%. Municipal Insurance is over target at 63.92%, this is because the annual payments for workers compensation and general liability insurance were paid in July. In the Police Department, two subcategories are over target they are Support Services and Stations & Buildings. Stations & Buildings is related to expenditure of grant funds, which will have offsetting revenue. In the Fire Department there is one subcategory over target, that is Stations & Buildings, and like Police, this is related to grant funds as well. Emergency Management is at 492.36%. This is the line item we have been using to run the majority of the COVID-19 expenses through. Hydrants is at 101.53%, which is related to the fact that we have now paid the final bill for 2020. In Public Works, the subcategories that are over target are Solid Waste Collection, and Sewer Treatment (related to Exeter Sewer Agreement). Library is over target at 60.42%, which is related to the timing of quarterly appropriation payments. Patriotic Purposes is at 78.71%. Warrant Articles can be reviewed on page 18. There are two that appear to be overspent, but that is not actually the case. This is related to open PO's that need to be reduced. Once that happens these line items will show as completely expended. Fund 24, Recreation has a balance of \$197,923. Fund 25, Cable Committee has a balance of \$385,130. Fund 26, Private Detail has a balance of \$296,837. Fund 27, EMS has a balance of \$227,865.
